C. SPECIFICATIONS:

1. Bridge attachment shall not be lower than the low chord of the bridge and must meet the governing municipalities specifications for bridge attachments. Licensee shall also acquire a permit from that city for said attachment.
2. Utility line/conduit within the canal right of way shall have a minimum of 36" of cover.
3. No cabinets, vaults, meters or pull boxes shall be located within canal right of way.
4. Backfill is to be in compliance with M.A.G. specifications or the governing municipality's supplement to M.A.G.

D. NOTICE TO PROCEED:

Issuance of this license does not guarantee a dry-up due to seasonal water demands.

The contractor is required to notify the SRP inspector a minimum of 72 hours before starting any construction in or around SRP irrigation facilities. **An Irrigation Outage Agreement must be completed by the contractor should a dry-up of the irrigation system be necessary to complete this construction**

SRP Inspector: Floyd Peters (602) 236-5664

E. BLUESTAKE:

Prior to construction, the contractor shall contact Bluestake (602-236-1100) and such other locators/utilities as needed to locate and flag all existing underground utilities.

F. DUST CONTROL:

The Licensee's contractor assumes sole responsibility for obtaining a dust control permit and complying with any required dust control plan pursuant to Maricopa County Environmental Services Rule 310.

G. ARCHAEOLOGICAL:

As required by federal law, state law and SRP Archaeological Policy 8-70-1, any cultural remains, both historical and pre-historical, or fossil remains, discovered during construction, must be immediately reported to the inspector.

**SALT RIVER PROJECT
LICENSE TO USE RIGHT-OF-WAY**

3 OF 3

DATE: June 26, 2002

LICENSE #: 0200120

GENERAL CONDITIONS

1. Licensee warrants and represents that he is qualified to perform, or will contract with qualified parties to perform, the undertaking which is the subject of the license.
2. Licensee agrees to obtain such other licenses, permits and agreements as may be required by other governing bodies having jurisdiction over the location which is the subject hereof.
3. Licensee agrees that any work in the Salt River Project right-of-way shall be completed and maintained in conformity with all applicable safety standards and regulations, and in a manner to avoid the creation of potentially dangerous conditions and harm to others.
4. If the Licensee fails to notify the SRP Inspector and/or obtain a Temporary Irrigation Outage Agreement, as necessary to perform the work, permission to use SRP right-of-way under this license will be immediately revoked, the work stopped, and the Licensee liable for any resulting damage to the property of others, including, though not limited to, that of the Salt River Project. If damage to Licensee's unauthorized installation occurs, Licensee agrees to waive all rights and claims for such damage and to assume sole responsibility for same. Licensee agrees to waive all rights and claims for such damage and to assume sole responsibility for same. NOTE: SRP cannot assure a dry-up. A dry-up may only be possible for brief periods and not possible certain times of the year.
5. In the event that said installation does not comply with the specifications and conditions stated herein or upon revocation of the license, Licensee shall remove at his sole cost, within ninety (90) days after written notice, any improvements or installations placed on said right-of-way pursuant to this license, and restore the irrigation facilities to the satisfaction of Salt River Project. In the event that Salt River Project determines that the irrigation facilities must be restore immediately for operational purposes, or Licensee fails to remove the installations or improvement within the time specified above or restore the irrigation facilities, the Salt River Project may remove the installations from the said right-of-way and/or restore the irrigation facilities, and the cost so incurred (as solely and conclusively determined by the Salt River Project) shall be paid by Licensee within ten (10) days after receipt of a statement of such cost. Licensee hereby releases the United States of America, the Salt River Valley Water Users' Association, and the Salt River Project Agricultural Improvement and Power District from all claims for damages that may result to the Licensee or others by reason of such removal.
6. Should any Salt River Project facilities be damaged by Licensee, such facilities shall be repaired at Licensee's expense, to the satisfaction of Salt River Project. Salt River Project reserves the right, depending upon the nature and extent of the damage, to make such repairs and bill Licensee for all costs associated therewith.
7. Licensee shall be liable for any and all damages to the property of the United States of America, Salt River Project Agricultural Improvement and Power District, or any other party or parties by reason of the exercise of the privilege herein granted to Licensee. Licensee agrees to indemnify and hold harmless the United States of America, the Salt River Valley Water Users' Association, and the Salt River Project Agricultural Improvement and Power District, against any claims, actions, costs, expenses, or other liabilities for property damage or personal injuries in any way caused by or related to the exercise of rights herein granted, except those caused solely and exclusively by the negligence of the Salt River Project. Licensee understands and agrees that he enters upon the property of Salt River Project at his own risk.
8. Should Licensee fail to start construction within one (1) year following execution of this license, this license is automatically revoked and terminated, and Licensee shall secure a new license to construct the installation under conditions and specifications then in force.
9. All facilities installed pursuant to this license are subject to inspection and approval by agents of the Salt River Project and must comply with the specifications and conditions listed on both sides of this form (and attached). Said inspection, however, is not intended nor understood to be or constitute more than a determination that the specifications set forth herein have been complied with by Licensee and is not to be considered as an approval or ratification by Salt River Project of the quality or fitness of Licensee's improvements.
10. Licensee agrees to keep in proper maintenance and repair any facilities placed with said right-of-way.
11. This license shall continue in effect so long as it is considered to be expedient as conclusively determined by Salt River Project and shall be revocable within ninety (90) days after written notice is sent to Licensee.
12. Licensee shall move or modify any facility constructed in the Salt River Project right-of-way at its sole expense if at any time the existence of said facility conflicts with the maintenance of, or future installations of Salt River Project's facilities.
13. It is mutually understood that Salt River Project may have only easement rights to the right-of-way covered by this license, and consent by the record owner of the underlying fee title to the land is not to be implied.
